

Statement of Compliance on Directives 2002/95/EC and 2006/122/EC

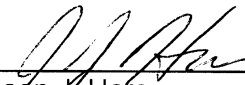

MAGNETICS, a division of Spang & Company, warrants that all products as supplied by MAGNETICS do not contain the Hazardous Substances as described by Directive 2002/95/EC of the European Parliament and of the Council of 27 January 2003 on the restrictions of the use of the certain hazardous substances in electrical and electronic equipment (RoHS) and Directive 2006/122/EC of the European Parliament and of the council of 12 of December 2006 amending for the 30th time Council Directive 76/769/EEC relating to restrictions on the marketing and use of certain dangerous substances and preparations (perfluorooctane sulfonates PFOS)

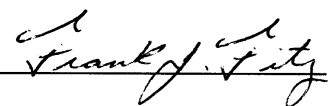

These Hazardous Substances encompass the following items:

Lead
Mercury
Cadmium
Hexavalent Chromium
Polybrominated biphenyls (PBB) or
Polybrominated diphenyl ethers (PBDE) including (DecaBDE)

Products supplied by Magnetix are ferrite cores, MPP powder cores, Kool M μ powder cores, High Flux powder cores, strip wound toroidal cores, strip wound bobbin cores, and specialty strip wound cores. All are compliant with RoHS.

Magnetix also supplies accessory items, including coilformer bobbins, clips, clamp assemblies, tuning assemblies, washers, mounts, and headers. All of these items are compliant with RoHS. In some cases customers have requirements for accessory items that are not compliant with RoHS. In those instances, Magnetix provides the parts, if available, as non-standard items, and only with documented approval from each customer for each part that the non-standard item is accepted by that customer.
