

E65/32/27

Ferrite Core Bobbin Single Stack

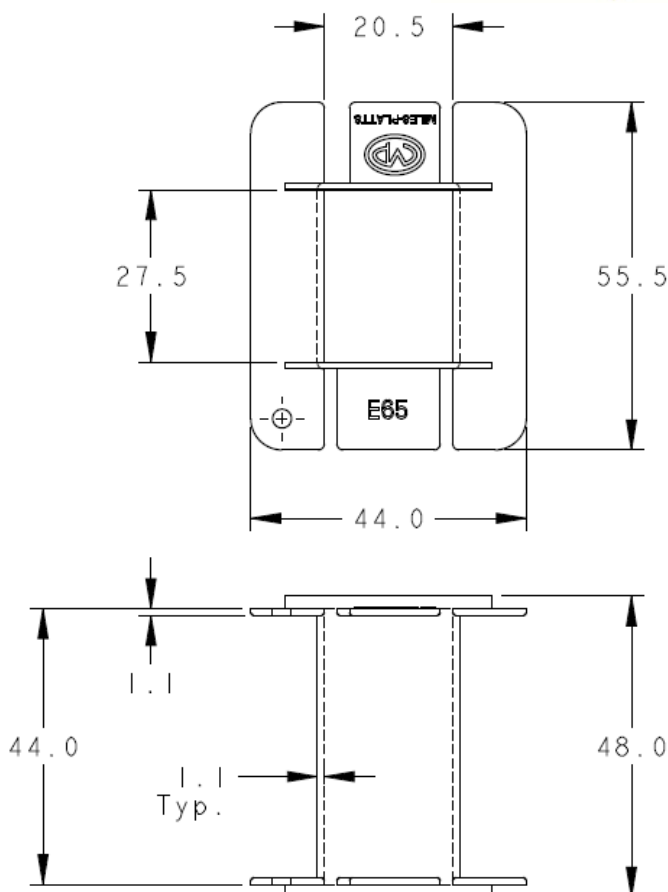

Designed by Miles-Platts for the E65/32/27 ferrite core geometry this bobbin offers a robust winding solution for higher power applications.

Available from stock in Rynite FR530L, UL94V0 rated, Class N 200°C PET.

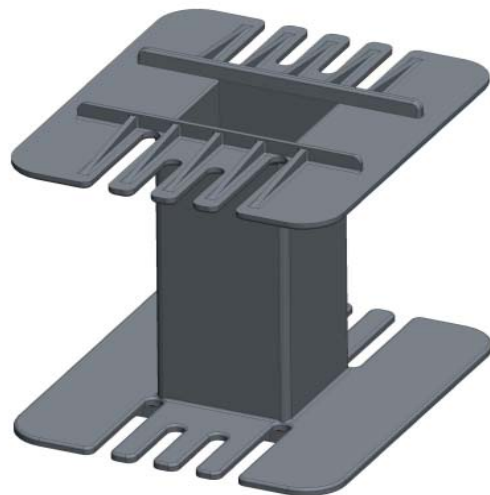

Standard Color: Black

Other materials available on request.

Dimensions in millimeters

Bobbin Size	Material	Part Number
E65/32/27 Single Stack	Rynite FR530L, UL94V0 rated, Class N 200°C, Black	FE0360FR3BLK

Dexter Magnetic Technologies, Inc.

1050 Morse Avenue, Elk Grove Village, IL 60007 USA

E65/32/27

Ferrite Core Bobbin Double Stack

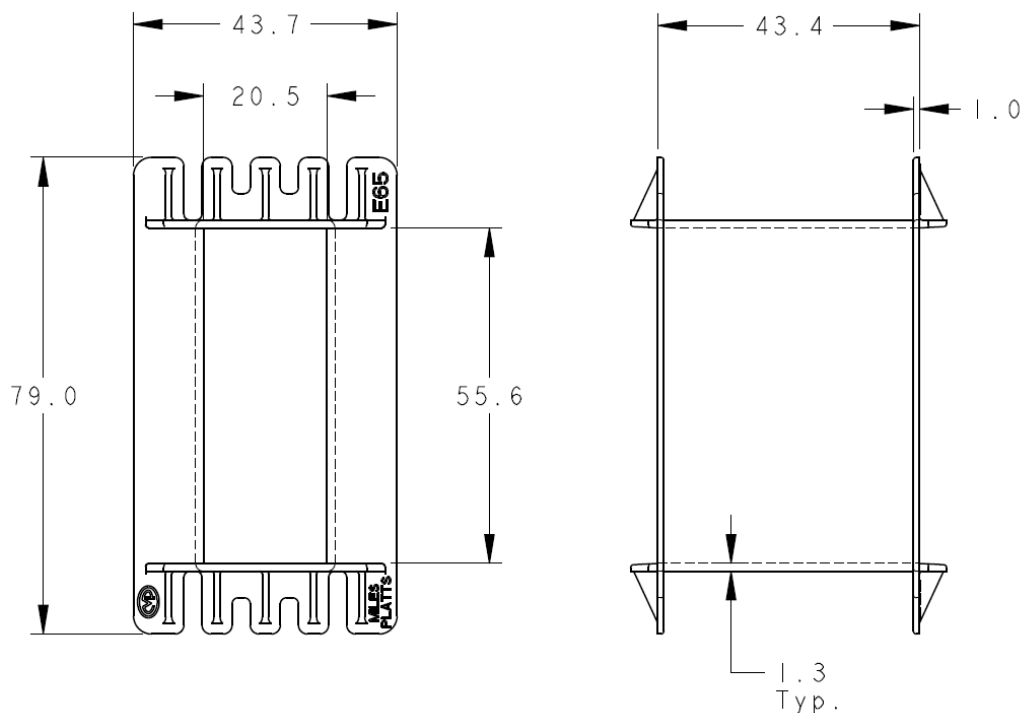

Designed by Miles-Platts for the E65/32/27 ferrite core geometry this bobbin offers a robust winding solution for higher power applications.

Available from stock in Rynite FR530L, UL94V0 rated, Class N 200°C PET.

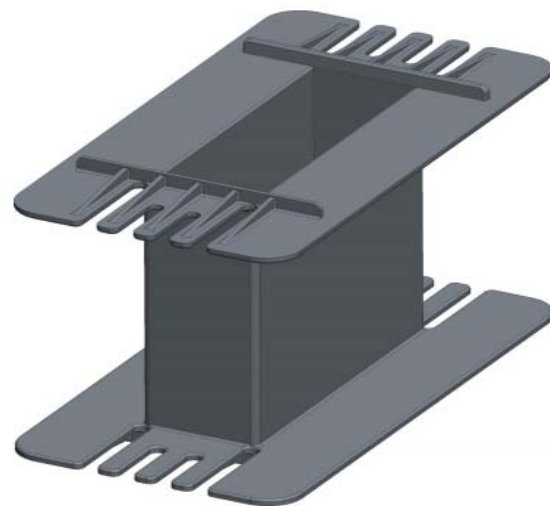

Standard Color: Black

Other materials available on request.

E65/32/27

Ferrite Core Bobbin Triple Stack

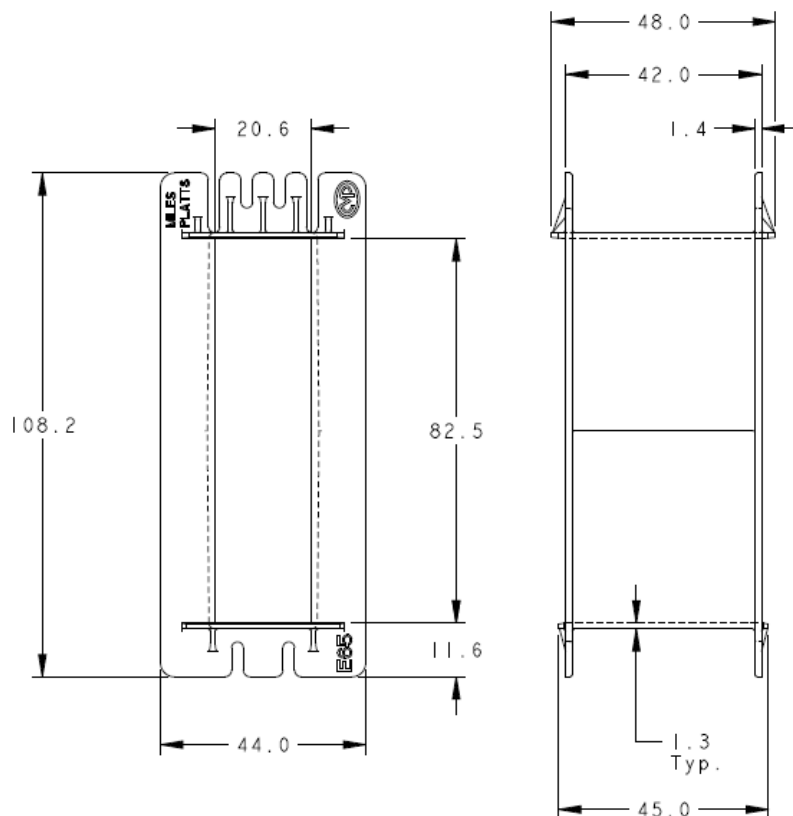

Designed by Miles-Platts for the E65/32/27 ferrite core geometry this bobbin offers a robust winding solution for higher power applications.

Available from stock in Rynite FR530L, UL94V0 rated, Class N 200°C PET.

Standard Color: Black

Other materials available on request.

Dimensions in millimeters

Bobbin Size	Material	Part Number
E65/32/27 Triple Stack	Rynite FR530L, UL94V0 rated, Class N 200°C, Black	FE0380FR3BLK
