

E70/33/32

Ferrite Core Bobbin Single Stack

Designed by Miles-Platts for the E70/33/32 ferrite core geometry this bobbin offers a robust winding solution for higher power applications.

Available from stock in Rynite FR530L, UL94V0 rated, Class N 200°C PET.

Standard Color: Black

Other materials available on request.

Dimensions in millimeters

Bobbin Size	Material	Part Number
E80/38/20 Single Stack	Rynite FR530L, UL94V0 rated, Class N 200°C, Black	FE0390FR3BLK

Dexter Magnetic Technologies, Inc.

1050 Morse Avenue, Elk Grove Village, IL 60007 USA

E70/33/32

Ferrite Core Bobbin Double Stack

Designed by Miles-Platts for the E70/33/32 ferrite core geometry this bobbin offers a robust winding solution for higher power applications.

Available from stock in Rynite FR530L, UL94V0 rated, Class N 200°C PET.

Standard Color: Black

Other materials available on request.

Dimensions in millimeters

Bobbin Size	Material	Part Number
E80/38/20 Double Stack	Rynite FR530L, UL94V0 rated, Class N 200°C, Black	FE0400FR3BLK

E70/33/32

Ferrite Core Bobbin Triple Stack

Designed by Miles-Platts for the E70/33/32 ferrite core geometry this bobbin offers a robust winding solution for higher power applications.

Available from stock in Rynite FR530L, UL94V0 rated, Class N 200°C PET.

Standard Color: Black

Other materials available on request.

Dimensions in millimeters

Bobbin Size	Material	Part Number
E80/38/20 Triple Stack	Rynite FR530L, UL94V0 rated, Class N 200°C, Black	FE0410FR3BLK
